GUIDED TOUR
 THE HISTORICAL CENTRE

The winding streets lined with colourful half-timbered houses and the décor inspired by Roman basilicas will punctuate your stroll through the centre of Rennes. Take care at the Porte Mordelaise, a small castle entrance gate and example of defensive medieval heritage, and then move forward in time to the era of Gabriel, chief architect to King Louis XV, with the city's town hall, its square and the Parliament of Brittany building’s square. This step back in time will cause your imagination to wander as you contemplate the remarkable private mansions built, at the time, for the "men of the law courts".
