The International Society for the History of the Neurosciences (ISHN) was founded in 1995. Its mission is to:

- improve communication between individuals and groups interested in the history of neuroscience;
- promote research in the history of neuroscience; and
- promote education in and stimulate interest for the history of neuroscience.

The Journal of the History of the Neurosciences: Basic and Clinical Aspects, the official organ of the society, is published by Swets & Zeitlinger. Now in its 13th year, the Journal provides a forum for investigations in the field of neuroscience history, as broadly defined, including the history of basic, clinical, and behavioral neurosciences, ancient and non-western topics, and significant individuals, events, and technical advances. ISHN is a focal point for those interested in neuroscience history and offers, through its journal and annual meeting, opportunities to contribute to this rapidly growing field.

FULL MEMBERSHIP in the ISHN for the calendar year January-December 2004 includes all privileges of membership, all mailings, and a one year subscription (volume 13, in 4 issues) to the Journal of the History of the Neurosciences. You may purchase back issues of the Journal directly from the publisher. Invoices for renewal of your membership will be sent in late fall of the calendar year.

Members of the World Federation of Neurology--Research Group on Neurosciences History (WFN-RG), who already receive an individual subscription to Journal of the History of the Neurosciences, are invited to begin/renew membership in the ISHN for US$10.00 per year. Mail this form and your payment to the ISHN Secretary.

To be included in the online ISHN Membership Directory, and to receive ISHN mailings, please also complete and send a 2004 ISHN Membership Directory--Personal Data Sheet to:
