The Journal of the History of the Neurosciences: Basic and Clinical Aspects, the official organ of the society, is published by Swets & Zeitlinger. Now in its tenth year, the Journal provides a forum for investigations in the field of neuroscience history, as broadly defined, including the history of basic, clinical, and behavioral neurosciences, ancient and non-western topics, and significant individuals, events, and technical advances. ISHN is a focal point for those interested in neuroscience history and offers, through its journal and annual meeting, opportunities to contribute to this rapidly growing field.

STUDENT MEMBERSHIP in the ISHN includes all privileges of membership and all mailings except an annual subscription to the Journal of the History of the Neurosciences. Dues for the calendar year January-December 2003 are US$10.00 or its equivalent. Students who are interested in receiving the journal are encouraged to apply for Full Member status ($100.00, which includes a one-year subscription). Invoices for renewal of your membership will be sent in late fall of the calendar year.

The signature of a Faculty Sponsor is required as confirmation of the student’s status.

Mail this form and your check or money order payment to the ISHN Secretary.

To be included in the online ISHN Membership Directory, and to receive ISHN mailings, please also complete and send a 2003 ISHN Membership Directory--Personal Data Sheet to:
