The **Journal of the History of the Neurosciences: Basic and Clinical Aspects**, the official organ of the society, is published by Taylor & Francis (formerly by Swets & Zeitlinger). Now in its 15th year, the Journal provides a forum for investigations in the field of neuroscience history, as broadly defined, including the history of basic, clinical, and behavioral neurosciences, ancient and non-western topics, and significant individuals, events, and technical advances. ISHN is a focal point for those interested in neuroscience history and offers, through its journal and annual meeting, opportunities to contribute to this rapidly growing field.

**STUDENT MEMBERSHIP FOR THE CALENDAR YEAR JANUARY-DECEMBER 2006 IS FREE OF CHARGE.** Student membership in the ISHN includes all privileges of membership and all mailings except an annual subscription to the **Journal of the History of the Neurosciences**.
